

SASD

SHINTARO AKATSU SCHOOL OF DESIGN

SASD & CAREERS IN DESIGN

SASD is an accredited member of the National Association of Schools of Art and Design (NASAD), the governing body of undergraduate and graduate art and design schools.

SASD design programs are built to emphasize the importance of practical, theoretical, and professional activities and practices in the various design fields. Students learn about the fundamentals and details of design; their application to real-world use; design's impact on the user population; and the various means and methods needed to take their designs from concept to reality.

The following is a selection of some of the many possible careers in the fields of graphic, industrial, and interior design.
